# Song For After The War

**CHORUS**

things aren't what they used to be  
I think that we can all agree that

we will likely never see the way things used to be.

1. In the past there were wars  
2. In those days they had guns  
3. Things are very different here

to settle in-ter-nation-al scores  
and bombs of fifty me-ga-ton  
the bombs are gone, the of good cheer

1. men went to fight on for-ign shores to save de-mo-cra-cy — [CHORUS]  
2. the power of a thou-sand suns to mur-der you and me — [CHORUS]  
3. go close your eyes and sleep my dear, from now on we are free — [CHORUS]
