INSTRUCTIONS

The phrases may be performed in any order. Begin anywhere you want. Go back to a phrase any time. Repeat each phrase as many times as you want. The pitches you use are up to you and may be changed at will; the only stipulation is that you follow the general contour of tough=high note, cook= low note, keys= middle note. Keep the piece up as long as you like. As many people as available may participate. It should be very rhythmic. Rest whenever you need to.
